Attention Mr. Walter Buffington.

Dear Sir:-

In a conversation with Mr. Albert M. Kohn yesterday he told me that he had been speaking with you of the Peace Medal which is being published by our society - a circular of which is enclosed. He tells me that you desired to have five bronze copies sent you on the consignment basis - the arrangement we have made with other jewellers who are handling this medal. We are offering them a discount of 25% and asking that they report at the end of six weeks giving a list of the names of those to whom copies have been sold and making a remittance at that time.

I therefore enclose a memorandum to this effect and am sending fifty circulars such as the enclosed under separate cover. In case the supply of medals sent you runs out you may take orders for other copies and state that the medals would be sent in a short time. The silver medals have been reserved for membership of the American Numismatic Society. Should you find a customer who would consider becoming an associate member, (the annual dues are only five dollars), we can send them a silver medal.

Thanking you for your co-operation and trusting that this medal will have a good sale in Chicago, I am

Very truly yours,

Secretary..

P. S. If you desire a photographic print which could be used for a catch in the newspapers I should send it to you and I think you would have very little difficulty in inducing some of your papers to re-produce this medal.
